

# The Eight Experiments That Will Confirm or Kill Conscious Point Physics (2026–2045)

Figure 1: Timeline of the eight decisive experiments spanning 2026–2045. Gold bars indicate experimental windows; red labels show target years. Each experiment tests a unique, parameter-free prediction.

*No excuses. No parameters. No retreat.*

## The Eight Experiments That Will Confirm or Kill Conscious Point Physics (2026–2045)

Figure 2: Complete summary of all eight experimental predictions with timelines, measurements, and CPP exact predictions. Each prediction is parameter-free and independently fatal if wrong.
